

# BIM Project Execution Planning Templates Version 2.0

Contained in this folder are resources developed to assist in the creation a BIM Project Execution Plan. Listed below are a number of Microsoft Word document files, Adobe portable document format files, Microsoft Excel spreadsheet files, and Microsoft Visio documents and stencils. The templates are based on Version 2.0 of the BIM Project Execution Planning Guide which describes the BIM Plan procedure in detail and should be reviewed foremost. The templates correspond to the steps in the project execution planning process which are depicted in the guide. The files are organized using the number at beginning of the file name which is the corresponding to the major steps in the planning process. For example, file titled 01\_BIM\_Goal\_Use\_Analysis\_Worksheet-v2.0.xls corresponds with step one of the process and Chapter Two: Identifying BIM Goals and Uses for a Project.
